

# Certificate of Approval

This is to certify that the Management System of:

## Met Office

FitzRoy Road, Exeter, EX1 3PB, United Kingdom

has been approved by Lloyd's Register to the following standards:

### ISO 9001:2015

Approval number(s): ISO 9001 – 00010533

This certificate is valid only in association with the certificate schedule bearing the same number on which the locations applicable to this approval are listed.

#### The scope of this approval is applicable to:

The provision of weather and climate related products and services, incorporating: The collection and processing of observations; providing weather forecasts, weather warnings and climate evidence, predictions and advice; and meteorological data and information. The undertaking and exploitation of weather and climate scientific research, incorporating the publication of scientific reports and journals and the exploitation of science to improve capabilities, products and services. The design, development, implementation, operation and maintenance of technology and other enabling resources for the collection, processing and delivery of meteorological data and information. The collection, archiving and making accessible of historical meteorological-related records and artefacts. The development and delivery of meteorological-based training services to internal staff and external clients. The provision of external commercial training.

**David Derrick**

Area Operations Manager UK & Ireland

Issued by: Lloyd's Register Quality Assurance Limited
