

P4C questions and stimuli

Pick one stimulus from the table below and pose the related questions to your group.
More guidance on how to deliver a P4C lesson can be found in the supporting P4C teacher guide.

Stimulus 1

[Forecasting fact-busters film](#) from the Met Office

What if humans couldn't predict the weather? What might the impacts be?

How do you feel when you haven't checked the forecast and you get caught out by the weather?

Big question: How do we know when to trust information?

Stimulus 2

[Future weather forecast for the year 2050 film](#) from the Met Office

What if the year was 2050 and you had to make a weather forecast for your friends or family. What kind of information would you include?

How do you feel when you hear predictions of what our weather might be like in the future?

Big question: Is knowing about the future important?

Stimulus 3

[An article about how weather forecasts are created](#), from the Met Office

What if you never knew the weather forecast?

How do you feel when you haven't checked the forecast and you get caught out by the weather?

Big question: How do we know when to trust information?
